

HEART ON MY SLEEVE

I wore my heart on my sleeve
carried yours as the greatest part of me
Sha la la la la, Sha la la

I wore my heart on my sleeve
so you might know everything you meant to me
Sha la la la la, Sha la la

How I wish there was a way
that I could say
I misunderstood
You don't know how hard I've tried
you don't know how long I've looked

I wore my heart on my sleeve
It was yours to treat as you pleased
Sha la la la la, Sha la la

I wore my heart on my sleeve
Never thought you'd leave me down on my knees
Sha la la la la

I wore my heart on my sleeve
All I asked for was honesty
Sha la la la la, Sha la la

How I wish there was a way
that I could say
I misunderstood
You don't know how hard I've tried
you don't know how long I've looked

I wore my heart on my knees
where you left me there with the dream
When you almost broke the dreamer in me
Sha la la la la, Sha la la
